

Safety Officer

The Safety Officer oversees all safety matters within the discipline, ensuring the committee meets its duty of care and follows PaddleUK's safety and safeguarding policies. They coordinate risk assessments, incident reporting, and event safety plans, while providing regular safety updates to the committee. This role requires strong communication skills and an understanding of risk management.

Treasurer

The Treasurer manages the committee's finances, ensuring accurate record-keeping, budgeting, and compliance with PaddleUK financial procedures. They prepare annual financial reports, monitor income and expenditure, and support committee members with financial guidance. The role requires good organisational skills and financial awareness.

Kit Officer

The Kit Officer is responsible for managing, maintaining, and tracking all committee-owned equipment, ensuring it is safe, serviceable, and available for training and events. They oversee repairs, replacements, and inventory, and work with event organisers to ensure kit needs are met. This role suits someone organised, practical, and proactive, with an eye for detail and a commitment to supporting safe paddling activity.

Communications Officer

The Communications Officer leads the committee's communication and outreach, ensuring clear, timely information reaches paddlers, clubs, and the wider community. They manage social media, announcements, and updates, and support the promotion of events and opportunities within the discipline. Strong writing skills, responsiveness, and the ability to engage positively with members are key to this role.
